*Autumn has Arrived*

FALL IS THE PERFECT TIME  
FOR SCHEDULING  
YOUR SENIOR PORTRAITS

SENIOR MODEL | MICHELLE

# WELCOME

One of the most rewarding things about being a photographer is capturing that real authentic moment when I can just see that the person is really being themselves.

As a Senior Portrait photographer, I love being able to show Seniors how truly amazing they really are. I make sure every detail of the session matches YOUR personality, YOUR style, and YOUR interests. I am able to do that for each of my Seniors because I offer a limited number of senior sessions each season.

I spend time with you designing a location, wardrobe and props that complement you. What results is a fun session where you can express your personality and I can capture you being YOU!

My senior clients are amazed at how good their portraits turn out. I say it's not amazing....it's how you look when you are doing something you love and sharing your talents with others!

So be yourself and SHINE!

I look forward to hearing from you and getting to know how amazing you are!

Peace, love and happiness,

*Dottie*

I can't imagine any other photographer taking my senior pictures. The experience was simply amazing! I have the best memories now.

Michelle | Villa Maria Academy

*your style*

## clothing

We will talk about some great outfit choices for the season. One great resource is to follow my senior fashion board on Pinterest. Always choose at least one outfit that will please your parents and grandparents. It shouldn't be too trendy, but still modern. And, make sure you always have the right undergarments for each outfit. BRING them all in on hangers! Don't wad them up in a bag.

## hair

Please do not get a new haircut before your session. If you want to try something new, be sure to book your session out quite a bit to avoid any unwanted style that will be forever seen in your senior portraits. We recommend having hair professionally blown out and styled by a stylist for a polished look. You can usually coordinate this with makeup application. Guys, bring a comb!

## makeup

Ladies, I can not recommend enough having your makeup applied professionally! Professional make up sessions can be added to your portrait session. You do not have to use our professional but I do recommend having your make up professionally applied. And, nails should be clean and free from chipped polish.

## skin

Drink plenty of water and stay out of the sun a few days before your session. Red skin is not easy to deal with; sunburned and peeling skin is even worse. We can zap most zits via Photoshop, but want to make sure you take care of your skin with a good cleaning regime each morning and night. Guys, be careful shaving so as not to cut yourself!

## props

Play sports? Dance? Have a music hobby? Here's your chance to shine with incorporating those into your portraits. Bring anything along with you that you think you'd want to see used in your photos. I also have plenty of great furniture pieces to use as props outdoors and indoors. If you've seen something done before, ask me about it.

Choose an  
**EXPERIENCE**  
that's just right  
for you.

What to Expect and How to Prepare

# The Senior experience

- 1 When you call to book your appointment or if you book at your consultation, 50% of your session fee is due at this time in order to reserve your appointment.
- 2 48 hours prior to your appointment, you will receive a reminder about your session and talk about any other logistics we need to cover.
- 3 The day of your shoot, show up about 10 minutes early. Just plan it into your drive. Early is better than being late!
- 4 We'll take lots of pictures during your session. So many that you'll wonder if you'll get to see them all. Don't worry, we'll pull only the best images for your order session.
- 5 Two weeks after your session will be your viewing appointment that you booked at the time you booked your session. This is where you get to view your proofs and place all final orders.
- 6 Finally, in two to four weeks, all of your prints and products you ordered will be in.
- 7 Any images that you order will be put online, via Facebook for you to tag to use as profile images.

\$150

# BOOK A SESSION

I just know we're going to have the best time creating memories for you. Your personality will shine through in your pictures.

Call me to schedule a consultation. We'll talk about your budget, photography needs, and schedule your appointment.

Sessions are typically booked two hours prior to sunset for the most beautiful, warm light that is flattering to the skin. As Daylight Savings Time ends or begins, please note the adjustment in when we should begin your session.

In the event that the weather is bad, we'll check in approximately two hours prior to your session to make a call. Either we can go ahead and shoot if you're excited about playing in some light rain, or, we can reschedule.

Please note that all orders for prints and products must be paid in full before items may be released from the studio.

Don't forget about the referral bonus! Refer your friends and have them tell me you sent them. You'll earn a free sheet of wallets.
